*Molto allegro* (♩ = 140)

The musical score is written for two staves in 4/4 time. The tempo is marked 'Molto allegro' with a quarter note equal to 140 beats per minute. The key signature has one sharp (F#). The score consists of 20 measures, numbered 1 through 20. Measures 1-4 are marked with a first ending bracket (1-). Measures 5-8 are marked with a second ending bracket (2-). Measures 9-12 are marked with a third ending bracket (3-). Measures 13-16 are marked with a fourth ending bracket (4-). Measures 17-20 are marked with a fifth ending bracket (5-). The melody is primarily in the right hand, while the left hand provides a rhythmic accompaniment. The piece concludes with a final cadence in measure 20.

The musical score is presented in five systems, each containing two staves. The first staff of each system is in treble clef, and the second is in bass clef. The key signature is one sharp (F#), and the time signature is 4/4. The score is divided into measures by bar lines, with measure numbers 21 through 38 indicated at the beginning of each system. The notation includes various musical symbols such as notes, rests, and accidentals. The first system (measures 21-24) features a treble staff with chords and a bass staff with a continuous eighth-note pattern. The second system (measures 25-27) shows a treble staff with chords and a bass staff with a continuous eighth-note pattern. The third system (measures 28-31) features a treble staff with chords and a bass staff with a continuous eighth-note pattern. The fourth system (measures 32-34) shows a treble staff with chords and a bass staff with a continuous eighth-note pattern. The fifth system (measures 35-38) features a treble staff with chords and a bass staff with a continuous eighth-note pattern.

This musical score is for a piece titled "tbp75 – Finale-Impromptu (Impromptu No. 6)" by travelsbypiano (2006). The score is written for two staves, likely piano and a second instrument or voice. It consists of five systems of music, each containing four measures. The measures are numbered 39 through 57. The notation includes various musical symbols such as notes, rests, and dynamic markings. The piece is characterized by its complex, rhythmic patterns and the use of accidentals.

51 52 53

54 55 56 57

This musical score is for a piece titled "tbp75 – Finale-Impromptu (Impromptu No. 6)" by travelsbypiano (2006). The score is written for two staves, likely piano and bass, and is divided into measures numbered 58 through 76. The notation includes various musical symbols such as notes, rests, and accidentals. The score is organized into five systems, each containing two staves. The first system (measures 58-61) shows a complex melodic line in the upper staff and a more rhythmic, arpeggiated line in the lower staff. The second system (measures 62-65) continues this pattern with similar melodic and rhythmic motifs. The third system (measures 66-69) introduces some changes in the upper staff's melody while maintaining the arpeggiated texture in the lower staff. The fourth system (measures 70-72) features a more pronounced melodic development in the upper staff. The fifth system (measures 73-76) concludes the piece with a final melodic flourish in the upper staff and a corresponding rhythmic pattern in the lower staff. The overall style is contemporary and expressive, with a focus on intricate melodic and rhythmic patterns.

tbp75 – Finale-Impromptu (Impromptu No. 6)  
original composition – travelsbypiano (2006)

This musical score is for a piece titled "tbp75 – Finale-Impromptu (Impromptu No. 6)" by travelsbypiano (2006). The score is written for two staves, likely representing the right and left hands of a piano. The key signature is one sharp (F#), and the time signature is 4/4. The score is divided into measures, with measure numbers 77 through 94 indicated at the beginning of each system. The notation includes various musical symbols such as notes, rests, and accidentals. The piece features a complex, rhythmic melody in the right hand, often consisting of eighth and sixteenth notes, and a more active bass line in the left hand. The overall style is contemporary and expressive, with a focus on intricate fingerwork and dynamic contrast.

tbp75 – Finale-Impromptu (Impromptu No. 6)  
original composition – travelsbypiano (2006)

The musical score is presented in three systems, each with two staves. The key signature is one sharp (F#) and the time signature is 4/4. Measures 95-98 show a melody in the upper staff with chords and a complex, fast-moving accompaniment in the lower staff. Measures 99-102 continue this pattern. Measure 103 shows a change in the lower staff's accompaniment. Measure 104 is marked with a trill symbol (\*) above the first note. Measures 105 and 106 show the melody and accompaniment concluding the section.

\*) tr: C#-D-C#-D-C#-D.....

## How To Read This Score

This score was not produced in the “proper” way, that is with a music typeset program, so it won’t **look** as **good** as it could (should?) be. Still, it is **sufficient and correct**, meaning it carries all the necessary information to be read and played as any other, and has been quality-checked to the best of my efforts.

The following notes are a few tips for readers accustomed to beautiful typesetting, to help them cope with the quirks they are more likely to notice, and to make them realize that maybe a score like this is not as deviant as they think after all.

Now, on to the tips.

\*\*\*

### Staves

Being a piano score, notes run as usual on two staves. Occasionally they may expand to three or even four staves if necessary. However, staves are not visually united by the customary { sign. There is only more white space to visually separate lines.

### Key signature

Alterations (b, #) and clefs are noted with the usual symbols. However they will be noted only at the beginning of the first line without repeating them at the beginning of the following lines. Only when the clef or an alteration **changes**, it will be noted. It’s easier to understand if you think of a score that runs on one single line from start to finish, for which you would need a veeeeeeeeery long (and narrow) page to print out, that is instead clipped in many pieces – of about 4 bars each – and pasted on a customary A4-page.

### Bar reset

At every bar change, all alteration changes from the key signature are implicitly reset.  
# signs are only noted within the same bar and in the same stave.

### Time signatures

They are noted in the usual way. Sometimes the signature is in “alla breve” to improve readability. I usually note metronome indications too, although occasionally in a fancy way. For example for a piece in 6/8 it is customary to note metronome indication with 3/8 as basis. Most of the time I use 1/8 as basis instead: to get your usual base just divide by three (e.g.  $1/8 = 180 \rightarrow 3/8 = 60$ ).

### Tempo markings (Allegro, Andante and merry friends)

Noted in the usual way, however I’m a native Italian speaker so I may get creative sometimes... if everything fails just type the mystery word into any translator program online and you’re set to go.

### Bar numbers

They are always marked. Traditionally if the first bar is almost empty, containing only a few notes as introduction to the second bar which holds the first true upbeat, it is not numbered as bar n. 1 and instead the second bar is considered to be bar 1. Not true here: bar 1 is the bar that carries the very first note, even if it contains only one note in the last interval. Personally I prefer this way of counting and I use it to count the official total number of bars in my pieces.

### **Volume (p, f, etc.) and accents**

Noted in the usual way, in bold italic. When you sometimes see “rf”, it stands for “rinforzando” and means: play louder (than a moment before). Note that the “how much louder” part is left to the interpreter.

Indications like “*crescendo*”, “*diminuendo*”, “*smorzando*” carry the customary meaning and are generally written like “*cresc.*”, “*dim.*”, “*smorz.*”. Crescendo and Diminuendo are noted in place of their graphical counterparts (you know, those long open fork-like signs)

### **Legato and Staccato**

No slurs are indicated. Traditionally when a passage is not tied by a slur it may be interpreted as a staccato passage. Not true here. Even if a slur is not there, the notes are legato, or at least to be played with their full duration. Staccato notes are noted with half the value, followed by half the pause. I mean for example a staccato 1/8 note will be displayed as a 1/16 note followed by a 1/16 pause. While visually upsetting at first, it is logically correct: when you are playing your notes in staccato you are actually playing them for only half the duration and pausing for the remaining half.

### **Tails (note grouping)**

The “tails” of the notes of duration 1/8 or shorter are usually tied together with one or more thick lines as the number of their tails. The program I use however sometimes groups the notes in a way which doesn’t follow the musical rhythm. For example in a 6/8 bar with 6 1/8 notes these should generally be grouped all together or 3 by 3. Unfortunately you will see them always grouped in 4+2, which is generally OK but only for a 3/4 rhythm.

When this kind of quirk becomes annoying I generally include a footnote to point that out again.

Bottom line: there is no deep meaning behind awkward groupings. Please try to focus on the notes instead of their tails.

### **Pedals**

Noted rarely, and when noted, always consider them “with a grain of salt”. It’s best if you rely on your own sensibility or ask your teachers for practical advice.

### **Fingering**

Ditto, see above.

### **Right hand, Left hand**

Generally the first stave is the right hand and the second stave the left hand (duh!) however keep in mind that the subdivision of notes between the two staves you’ll see is not necessarily the best or the most comfortable to play. I generally choose the one that is easier to **read**, not to play. Sometimes I even leave the messy subdivision I used when composing the piece directly on the score without playing it myself (in some preludes for instance): that’s what I call “composer’s score”. There, some work is definitely necessary to move notes from one stave to another in order to make the whole lot more easily readable and playable. Do not hesitate to find and play your own subdivision of notes between the two hands.

### **Trills, mordents and other embellishments**

More likely to appear in my transcriptions, they are generally notated in the usual fashion. A footnote will describe trill resolutions and/or point out exceptions.

### **Finally...**

Try reading the score while listening to the example (digital or human) performances you can find on my YouTube channel (or elsewhere on the web). This should fix any doubt.

## Questions and Answers

**Q. So what does “DOUJIN EDITION” mean, anyway?**

A. “Doujin” is a Japanese abbreviation for “self-published”, literally “the same person”. The O’s are replaced with zeroes to imply this is also a “zero edition” or “edition zero”.

**Q. This is all fine and dandy (yeah, right...) but are you ever going to release a better looking score?**

A. Most likely... NOT.

**Q. Why not?**

A. I don’t have the time. Consider that producing the score you are holding now already cost me several hours of sleep / free time and many a fit of rage and/or frustration. If you paid something to get this score, you could even say you were paying for my overtime editing work, not for the music herself.

**Q. Free time? Isn’t this your main occupation?**

A. NOT.

**Q. What about getting your scores professionally edited, proofed, printed and bound by a publishing company?**

A. Long story short, pick your favorite from: 1) Sounds nice for a pipe dream 2) Save your dreams for when you’re sleeping 3) No way, José

**Q. I have a request.**

A. Drop me a line (see links/contact page below)

**Q. I want to play your works in public!**

A. Go ahead. I’m cool with it ☺

**Q. Is it really OK without any additional fee or something?**

A. If you have this score, you can. If you paid for it, the amount you paid already covers public performances. If you didn’t pay for it, then it means it required no fee in the first place. Of course I’d be delighted to know when and where my works were played and even more to hear them played, but it’s not required in any way.

**Q. Why some of your scores are free while some are not? Why not making them all free?**

A. Because I’m torn between distributing my works as far and wide as possible and earning them due recognition. My top and foremost goal in distributing my works is granting them survival. Free is very nice but it has its limits. Apparently even if you’re self-published, unless you go commercial you aren’t taken seriously. This is ridiculous if you ask me, but it works like that. Shocking truth. Anyway the general criteria I’m currently using is: compositions → free; transcriptions → some free, some not. “Currently” means that it may change in the future.

## **Words of Thanks**

Thank you for your interest in my modest works.

Thank you for reaching to the scores.  
If you bought them, Thank you once again.

If you like this music, please consider archiving these scores  
and/or sharing them with family and friends.

Thank you for your Support!..

... and Thank You  
to the Great Masters of the past...
