Remotis

Remotis meis vestibus sum funibus ligatus,
 Iniuste victus testibus, flagellis flagellatus,
 Amaris passionibus iuncturas dissoluebant,
 Gingivæ tusionibus oris intumescabant,
 Rumpuntur venæ tactibus, assiduis incurfibus.

Alapis cæsa centies est veneranda facies,
 Coagulatus quinquies sanguis deformat species,
 Intitulatur passio, honoris exhibitio:
 Angore cor inficitur, cruci corpus affigitur,
 Pedes perfossi pondera portarunt salutifera.

Latus ferro transfigitur, spinis punctus arguitur,
 Extensa membra tenera, pendent nudata viscera,
 Naturæ solvi debitum, Patri commendans spiritum,
 Attende qualem exitum sum passus & interitum,
 Discurre probans omnia quod nemo curat talia.

O qualis retributio, contrarij commissio,
 Magistratus despectio pro charitatis studio,
 Infelix finis talium, æterna mors stipendium,
 Nautarum exclamatio sum semper & probatio,
 Ut Samson, fortis viribus oro pro peccatoribus.

Suavis Deus omni in miserere peccantium,
 Tales vermes occidere, quid tibi pro hoc gloria?
 Eis magis compatere, et Pater omnis gratiæ,
 Convertere laudabilis, et esto deprecabilis,
 Vbi misericordie? Davidis in progenie.

Memorare

Memorare substantia Pater, tuæ familiæ,
 Affatur Patrem Filius quod vix fiat celerius,
 Miserebor ramusculis David fugatis vitijs,
 Æternitatis cellulis locans pro pœnitentijs,
 Nobis optati taliter regnabunt æternaliter.
